

The Wayne County Schools Career Center Outstanding Business Partner for October 2016 is Riceland Cabinet Corporation of Wooster. Construction Tech instructor Rod Martell nominated the business for the award. Craig Shisler, Residential Vice President and Foreman, accepted the award.

Three Career Center construction alumni are employed at Riceland, and last year, they had another student on advanced placement. Craig Shisler, a 1992 graduate of the Career Center Construction program, has served on our construction advisory committee for 10 years, offering technical support to the program through his product knowledge and years in the cabinet and trim business. He has served as a judge for SkillsUSA contests, and has made significant donations to the program.

“Riceland Cabinet has provided quality jobs for our students,” said Rod Martell. “They have been a huge asset to our program. Craig advises me on various cabinet projects, and is always just a phone call away. He is always willing to help, no matter what the task.”

Riceland Cabinet began more than 45 years ago by Myron Miller, and moved to the Hillcrest area east of Wooster about 8 years ago. It is now owned by Kit Carin, a contractor from Pennsylvania.

It offers a full-service cabinet shop serving contractors, architects, engineers, designers and residential customers. Its facility features technologically-advanced equipment operated by experienced craftsmen. Professional installation crews complete the project onsite, whether new construction or renovations.

We thank Riceland Cabinet for their ongoing support of Career & Technical Education in Wayne County.
